The company's quarries at Colorado have the Feeders this one will. The Lake City are situated in Red Rock canon and. Superior red stone is to day selling in the foot, out he Colorado City slone can be

I The company a ready has a large numecipt of letters from all over the country making neniries regarding the stone. Many of the visitors from Texas and the south during the past summer so admired the stone that they have since returning home given instructions to their arcustects and builders to embody it in their p ans and specifications.

Among, the arge contracts that have been made to supply the slone is one is the new board of trade building at Ft. Worth, Texas, and for other large buildings both in Texas, Kansas and throughout the west. There is one order alone of a nuncrec cars for Topeka, Kans.

The company is in the hands of capaple and experienced men, packed by large capital, who mean to push the enterprise for all there is in it. A new era in the production of stone in El Paso county seems to be dawning. With some of the greatest natural resources in the the magic touch of capital to show the

London's Murder, Mystery.

LONDON, September 30 - Tais morning the whole city was again startled by the news that two more murders had been accee to the list of mysterious crimes tias have been recently committed in White Chane'. At an early hour it was known taat another woman lac been murcerec, and a report was also current tuat there was still another victim. This re port provectirue. Que two victims, as in the former cases, were dissolute women of the poorest class. That the motive of the murcerer was not robbery is shown by the act that no attempt was make to cessor the lodies.

The first mure er occurred in the narrow court of Berners street at an early hour this morning beneata the windows of the Foreign Socialistic up. "A concer; was in progress and many members of the class were present, out no sound was icare from the victim. The same process incobeen to owed as in the other cases. The woman rad been seized by the proat and her cries choice, and the murdener with one sweeping cut had severed ler throat from ear to ear. A clu) man on entering the court stumb eq over the body, which was lying only two yards from the street. A stream of warm

The Ocinty Assessor's Report of tie Oereas

And Products of the County for the 8-19 75 Year 1887.

A Signt Decrease from the Previous 8.02 Year's Report,

Ini rerossi

County Assessor & G Perkins yestercay completed his report of the erop the three school districts. In the product of A Paso county for the year common of ligures where no numbers ap-887, thus closing up the year's business pear the districts have not reported to of his o'.ce he next work the ofice the commissioners the amount, if any, contract for heating the high school and he awar gorous wenforced A stand wil have to attend to wil be on the which hey cente next years assessmen. Mr Perkins District and his assistant, Yr G W Musser, have been working hard to finish the work and this year get though nearly a month earlier ian as During the Eve years that Mr Persins has been the assessor the valuations and products of the county have increased about one hundred ber cent, and the work of the of ce lasincreaset accordingly flarougit ms dim ness we are enabled to give the cereal statistics to our remeals this morn-

Tiese figures are obtained by means of printee sciedules ininisied every resulent of the county engaged in agricultura pursuits it is cone in accord ance with an act based by the egis a ture February et i 883 entit & An act to secure the Collection and Junital tion of Agricultura and of et Statistics 1 The figures given are for the year [987] as the report for 1885 cannot be made un unti fre screenles ale rancee in

We append the tables both for 887 and 1886 for comparison a though the comparison coes not appear very favor able to 1887 There has been a ber ceptible decrease in many of the proc ncts although he number of heres uncer custivation cas increased. There have been severe reasons for this the brings and per aps being the crout i The early rost of ast year greatly a title the ania that su has currents

and bernies During the year there were a great Hohn Priteinia, one work from 1 oney read work 1.8 I we fast too d work to the fast of the many acres of bot routs are the ruise

and 'ed for forcer To low right the figures for 357 Sumber of actisation for cultivation. Number of acres pas are land Wheat acres 42, bushels Cunothy 1. Italia Orchards apples bushel-Bluckberre-quarts Small truits (urnint⊣ froose hearses. STREW DEPTRIES Pounds cheese manufactured Pounds butter Bee hive≃ Fonty, pounds Wool shorn pounds Duirs cowa

Mutes Cattle To owing are the figures for Number of acres under cultivation Number of acres pastare land 268, bushels

284, 745, 133, tons Timothy, Clover. Native grass ' Orchards-apples bushels Small fruits-Blackberries, quarts Currants. Gooseberries. Ruspherrios Straw berries, Forest trees, acres Pounds cheese made Pounds butter made

Bee hives Honey, pounds Wool shorn pounds Dairy cowa Cattle

an increase of 2,699 acres in aced under night and will be lastefully decorated for cu tivation, and an increase of 33,6.5 the occasion. There will be a suitable. Springs, man and his five prohiers has acres of and converted into pasture

other of the cereals, and consequently (reproduced) as a ustrations but atteo it is raised in comparison

o' de county there as been at increase day. Quong Wan has run a auncry on

There was a falling of of a thousand the troube pounds in the production of theese in At Co oraco City, on Suncay, a man them had received more than a scratch; the county wille be increase it he money by he name o' Newman, while fooling not one and here haven brisoner, and quetion o' butter was over 8000 bounds. around the Mid and shops, was in ured on y the youngest prother, who was a

County Commissioners.

The official bonds of all the county tainks. and precinct officers were examined and deemed good and sulficient.

.0 and added to precine 15.

seers were rece ver and a owed: Wisiam Newman of c'strict number

_8, 8 7 95. Joan M. Hensley of district number 10,.

C. 3 Burron of district number 14, 824 75

8.5 55.

The tax levy for the year was made But Owing Largely to Climatic with the to owing result Share tax, 4 mi s on the co ar, county tax 7 mils on the co al, genera school ax 2 mi s on the to ar The table below will s now the special school tax levied for
